

EAST TENTH GROUP'S BALANCED LEADERSHIP™

YOUR FRAMEWORK FOR SUCCESS

At East Tenth Group, we are all about growth. Balanced Leadership™ starts with managing yourself and then moves forward with aligning and leading your business for success.

We meet you where you are and take you where you want to go by discovering, developing and inspiring the heart of your people.

Because when people pursue a vision with passion, they achieve great things. And since the needs of your leaders and organization are unique, we focus on what those needs dictate with an approach that is...

ONE ON ONE

Meetings are short, to the point and focused on results. Our highly qualified coaches understand your challenges and provide insightful advice and strategy based on their seasoned experience.

CUSTOMIZED TO THE INDIVIDUAL

We understand leadership principles, strategies and theories. But we make them practical in ways that build on your individual strengths. And most importantly in ways that are actionable.

SPECIFIC TO YOUR ORGANIZATION

Our coaching reflects the needs of your enterprise. Your goals. Your culture. Your growth strategy. But it goes beyond an organizational level—to a human level. Because your business success is built on your people success. And we celebrate them all with you.
